Comment : I am a HAM Radio operator with a Tech Class License. after studing the history of morse code I beleive it should be drop. and more put into the theroy of radio. I know other operator that are Extra class but cannot wire in a second drop to thier cable tv or put a antenna together and they tell me thast by removing the morse coe requiriment would be dumming down the hobby.

I beleive there will be a increase in operators because not everyone can copy even five words per minute. analot of people today are using computers to send morse code.

and that is process that Samural Morse had intended.
